NovacoBridge

Plan, order and maintain charts and publications

NovacoBridge is a complete back-of-bridge navigation management solution, offering a simple yet sophisticated way to passage plan, order and maintain charts and publications.

A comprehensive chartroom management solution for every vessel

- Plan, purchase and maintain digital & paper charts and publications.
- Access all ADMIRALTY and non-ADMIRALTY products.
- View and manage temporary and preliminary corrections.
- Access NTMs & NavArea warnings.
- Create passage plans and automate routes.

An all-in-one solution for vessels and onshore

NovacoBridge is an extensive suite of chartroom management tools.

It's simple, complete and robust – available all-in-one or as just the modules you need.

NovacoBridge supports both digital and paper charts and publications from one simple to use platform.

digital paper

It makes chart selection simple and affordable. Officers can maintain vessel compliance and access eReaders and other services from one location.

Supply options to suit your organisation

You can choose the way you want to access and pay for services within NovacoBridge:

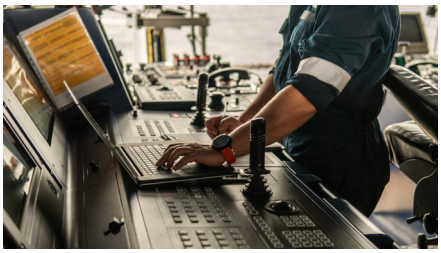
- Instant Purchasing Service (IPS)
- Pay As You Sail (PAYS)
- Flat fee

No matter which supply option suits your budget or operations, NovacoBridge provides efficient ways to manage your charts, publications and updates.

Save time and effort on the bridge

Simple purchasing; instant ordering. Digital product keys, base files or updates are sent digitally to the vessel – or paper product prepped for delivery. You get detailed status reports and automatic logs of updates and permits held.

ADMIRALTY's AIO service is received / updated in the same way as the ENC updates. Organise your charts and publications into folios, and import lists from external files, and export for use across the organisation.



Comprehensive features for efficient, safe and compliant voyages:

- **ADMIRALTY digital chart corrections and updates**
- **Simple manual or automated product selections**
- **Complete weekly Notices to Mariners**
- **ADP & AeNP updates**
- **ChartViewer electronic chart software***
- **Integrated NovacoPlan passage planning tool***
- **eReader integration**
- **NovacoHub compatibility for seamless updating***
- **Navigational warnings**
- **Detailed Temporary & Preliminary Notices reporting**
